PROFESSIONAL SUMMARY

Results-driven Web Designer and Front-End Developer with over 2 years of experience creating user-centric digital experiences. Proven expertise in UI/UX design, responsive web development, and modern front-end technologies including HTML, CSS, JavaScript, and React.js. Recently completed a Bachelor's degree in Computer Science with a strong foundation in web architecture and digital interface design.

Now seeking to leverage my creative and technical skills as a **WordPress-focused Web Designer** in a dynamic startup environment. Adept at collaborating with developers, translating design concepts into functional websites, and delivering high-performance, accessible, and mobile-responsive solutions. Committed to remote work excellence and passionate about contributing to innovative digital platforms in Timor-Leste.

CORE COMPETENCIES

- Web Design & Development (HTML, CSS, JavaScript)
- User Experience (UX) & User Interface (UI) Design
- WordPress Theme & Plugin Customization
- Responsive & Mobile-First Design
- Wireframing & Prototyping (Figma, Adobe XD)
- Front-End Frameworks: React.js
- Cross-Browser Compatibility & Performance Optimization
- Accessibility Standards (WCAG)
- Agile Collaboration & Remote Work
- Client Communication & Project Management

PROFESSIONAL EXPERIENCE

UI & UX Web Designer

Telkom University – Bandung, Indonesia

Jan 2021 – Dec 2021

- Designed intuitive, visually appealing interfaces that improved user satisfaction by 40% through usability testing and iterative improvements.
- Developed wireframes, interactive prototypes, and high-fidelity mockups using Figma and Adobe XD, ensuring seamless handoff to developers.
- Conducted user research and A/B testing to inform data-driven design decisions, increasing engagement metrics across key platforms.
- Collaborated closely with cross-functional teams, including developers and product managers, to integrate UI components efficiently.
- Optimized website performance by reducing load times by up to 30% through image compression, font optimization, and efficient code practices.
- Revamped existing mobile applications, enhancing navigation and retention rates by implementing user-centered design principles.
- Ensured all designs followed accessibility standards (WCAG), promoting inclusivity for users with disabilities.
- Mentored junior designers, fostering best practices in UI/UX and encouraging continuous learning within the team.

TECHNICAL SKILLS & PROJECTS _____

WordPress Expertise:

- Built and customized multiple WordPress websites using themes (Divi, Astra, OceanWP) and plugins (Yoast SEO, Elementor, WP Super Cache).
- Created custom page templates, widgets, and menu structures tailored to client needs.
- Integrated third-party tools such as Google Analytics, Mailchimp, and contact forms.
- Managed site backups, security updates, and plugin maintenance for optimal performance.

Front-End Development:

- Proficient in semantic HTML5, CSS3 (Flexbox, Grid), and vanilla JavaScript.
- Experience with React.js for dynamic single-page applications.
- Familiarity with version control (Git/GitHub) and basic command-line tools.

Design Tools:

- Figma, Adobe XD
- Canva, Google Workspace

Other Skills:

- MS Office Suite (Word, Excel, PowerPoint)
- Task Prioritization & Time Management
- End-User Support & Documentation

EDUCATION _____

Bachelor of Science in Computer Science

Telkom University – Bandung, Indonesia

Oct 2022
